

Geriatric Psychiatry St. Augustine, FL

Compassionate Psychiatric Care for Older Adults

Helping seniors and their families find safety, healing, and hope through specialized inpatient and intensive outpatient behavioral health care.

[Refer a Patient](#)

Our Approach

Assessment

A thorough psychiatric and medical evaluation on admission.

Personalized Plan

An individualized treatment plan built by the care team.

Active Treatment

Therapy, medication management, and daily support.

Transition

Coordinated discharge and connection to ongoing care.

About Us

Palm Grove Health Center brings specialized, compassionate psychiatric care to the older adults of St. Augustine and the surrounding communities.

Our Mission

Palm Grove Health Center is dedicated to being a trusted psychiatric provider offering compassionate, comprehensive care to seniors — treating every psychological, behavioral, physical, and social need with dignity and respect.

Treatment & Services

Inpatient Psychiatric Program

- **Around-the-clock inpatient care** — Safe, structured care with 24-hour nursing and medical support to stabilize symptoms and manage medications.

Intensive Outpatient Program

- **Structured support while living at home** — Daytime therapy and psychiatric monitoring that support recovery while patients maintain their routines.

Family Support & Education

- **Support for the whole family** — Education, resources, and discharge planning to help families feel prepared and supported.

Continuum Care

- **Support that continues after discharge** — Coordinated step-down care and community resources to support continued stability.

Why Choose Us

Geriatric Expertise

- **Specialized in geriatric psychiatry** — not just general mental health.

Expert Care Team

- An **interdisciplinary team** trained specifically in senior care.

Family-Centered Care

- **Families** are involved at every step of the treatment journey.

Compassionate Approach

- A **full continuum of care** that supports patients well beyond discharge.

Conditions we treat

- Depression & mood disorders
- Anxiety disorders
- Dementia-related behavioral changes
- Bipolar disorder
- Psychosis & thought disorders
- Grief & adjustment difficulties
- Agitation & aggression
- Medication management concerns
- Suicidal thoughts & safety concerns

This list is not exhaustive. Our admissions team can help determine whether Palm Grove is the right fit for a specific situation.

Referral Process

Referring a patient to Palm Grove is simple, and our admissions team is here to help every step of the way — 24 hours a day, 7 days a week.

01

Reach Out

Call our 24/7 intake line, fax, or complete the referral form to start the conversation.

02

Assessment

Our clinical team completes a confidential assessment to confirm the right level of care.

03

Coordination

We verify benefits and coordinate a safe, timely transfer.

04

Admission

The patient is admitted and treatment begins, with the referring party kept informed.
